

PRODUCT INFORMATION

PRODUCT: **LAN-LIN ORANGE HAND CLEANER WITH PUMICE**

PART NO.: **M1017, M1035.**

FUNCTION AND APPLICATION: Use for cleaning soils and stains from hands.

OUTSTANDING PROPERTIES: Lan-Lin Orange is made with the natural cleaning oils found in an orange. Exclusive skin conditioners and moisturizers including Lanolin are used in the making of Lan-Lin Orange. Soft beads of Pumice are added for extra scrubbing power. The product is the most natural, environmentally friendly hand cleaner on the market. It is biodegradable and safe for factory drainage systems. It will not separate or freeze. It does not contain harsh chemicals or petroleum solvents. Lan-Lin Orange does not leave a greasy after-film on hands.

USE DIRECTIONS: Squeeze into palm. Rub well into skin until product liquefies and dirt is loosened. Rinse with water.

DISPOSAL: Safeguard our environment. Dispose of container, residue and excess product in accordance with all federal, provincial and local laws and regulations.
